Respected Mam

This is to inform you that we the members of PCCUBE wants to organise an coding competition in our college in association with CSI named "Coder Of February 2016".

It will be an offline competition with questions of different difficulty levels and we will be providing certificate to those who pass a certain level and goodies to the winners.

For this event we want to ask your permission so that this event can be successful and everybody will be benefited from this.

Thanking you in anticipation.

Yours sincerely,

PCCUBE
